

Ladies and gentlemen,  
Dear Colleagues,

We would like to thank you very much for the special seminar on diagnostics and therapy of parasites with Hr. Dr. Invite Simon Yu, St. Louis / USA to 22./23.02.2019 in the clinic St. Georg, Bad Aibling!

The diagnosis and treatment of parasites as a cause or consequence of chronic degenerative diseases is more relevant than widely believed.

Also, in the field of parasitology, there is great ignorance in both diagnostics and therapy. Dr. Simon Yu has worked extensively with this topic for decades and gained enormous experience, which he would like to pass on to us in a two-day seminar.

We were able to gain a first insight at the Cancer Congress in Baden-Baden in 2018.

His biographical background as Colonel of the US Army, as he had over 200 000 parasite treatments monitored, his numerous scientific papers and lectures have made him one of the most well-known integrative physician in the United States.

For your information:

- Target group: Doctors of all disciplines
- Speakers: Dr. med. Simon Yu, Dr. med. Friedrich Douwes, Dr. med. Helmut Retzek
- Appointment: Friday and Saturday 22/23 February 2019
- Venue: Klinik St. Georg, Rosenheimerstr. 6-8, 83043 Bad Aibling
